

Surgery Information Sheet

If you are required to come in for testing or lab work, please bring the following:

- All prescriptions and over-the-counter medications in original containers
- Your primary care physician's telephone number and cardiologist's telephone number (if applicable)
- Your pharmacy name and telephone number
- Any physician's orders, consents or histories given to you by the office
- Your photo ID and insurance card(s)

Other General Instructions

You may eat or drink before your Pre-Admission Appointment.

If your surgery is scheduled within the next 7 days, please stop **IMMEDIATELY** any vitamin(s) or herbal supplements, energy drinks, and anti-inflammatories (i.e. Aleve, Ibuprofen, Ginkgo Blioba).

If you take **ASPRIN**, please hold if not prescribed by a physician. If prescribed by a physician, please check with that physician prior to discontinuing.

If you take blood thinners (i.e. **Coumadin, Plavix, etc.**), please call the prescribing physician as soon as possible to discuss appropriate time to discontinue these prior to surgery.
